Reduce the negative impacts of the transportation network on air quality	4. Introduce measures that minimise noise impacts on people and noise sensitive properties	5. Improve road safety and make people feel safer when using all forms of transport	6. Reduce levels of transport-related crime and fear of crime	7. Improve access to key services and facilities using sustainable modes of transport wherever possible	8. Encourage healthier lifestyles through travel choice	9. Minimise the impact of the transport network on the quality and quantity of the County's water resources	10. Reduce the contribution of transportation to greenhouse gases	11. Preserve and enhance the County's landscapes and townscapes	12. Preserve or enhance the County's cultural heritage, including architectural and archaeological heritage	13.
